

# FEEL THE COOL

## TYPHOON

LED FAN KIT

YCF-3RGB-01

# FEEL THE STORM

### Features

3 RGB Led Fan Kit for Shadow and Armageddon gaming pc cases. This fan's provide a cool effect for heat transfer and improves the performance and optimal operation of your PC.

### Fan

Always keep your most important components cool with the powerful fans up to 1200 RPM.

### Air Flow

It maintains a quiet environment even when loading due to its 23dB of maximum noise.

### Fan Speed & Pressure

Creates a whirlwind of air within your system with its 38.5 CFM from each fan, ensuring that your system will always stay fresh.

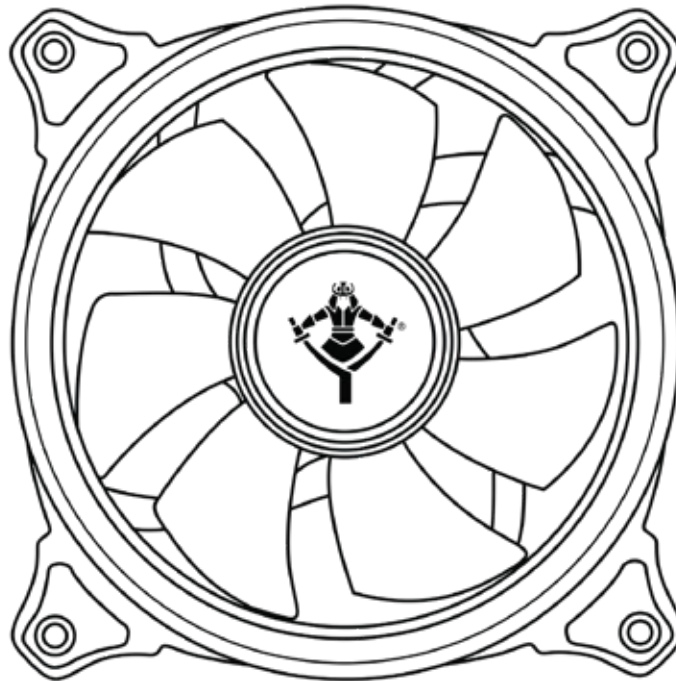

### Illumination

Connect your fans directly to your motherboard thanks to its 4-Pin 12V RGB connector to ensure an optimal operation.

### Useful life

The fan has a useful life of 40,000 Hrs and a noise level of 23dB MAX to ensure optimal performance and quality in its parts.
