

FAST RESPONSE, FAST REACTION

BLUE SWITCH
MECHANICAL KEYBOARD **AKIL**

Mechanical Gaming Wireless 65% TKL Keyboard, Rechargeable 68 RGB LED Backlit 16M Color Keys, OUTEU Blue Hot-Swap Switches, Cherry MX Equivalent, 18 Modes, 50M Keystrokes Steel, Tenkeyless

: 68 dynamic and tactile OUTEU Blue mechanical switches that are fully equivalent and hot-swappable with any MX type switches from Cherry, Gateron and Kailh. Each keyboard is stress-tested and guaranteed to last 50 million key presses. Full rainbow RGB LED on each key with 18 customizable backlight effects. Key actuation distance: 3.6 +/- 0.4mm with key actuation pressure of 60 +/- 15gm

2000mA battery will provide ample 8-12 hours of untethered play on Bluetooth with backlight mode on. Ergonomically-curved non-slip key design plays through any games brilliantly especially with a compact 65% TKL design. Innovative Anti-Ghosting and N-Key Rollover technology designed for completely independent key scanning helps each keypress to be detected precisely regardless of how many other keys are being pressed or held down at once. Also features full 12 multimedia Fn keys

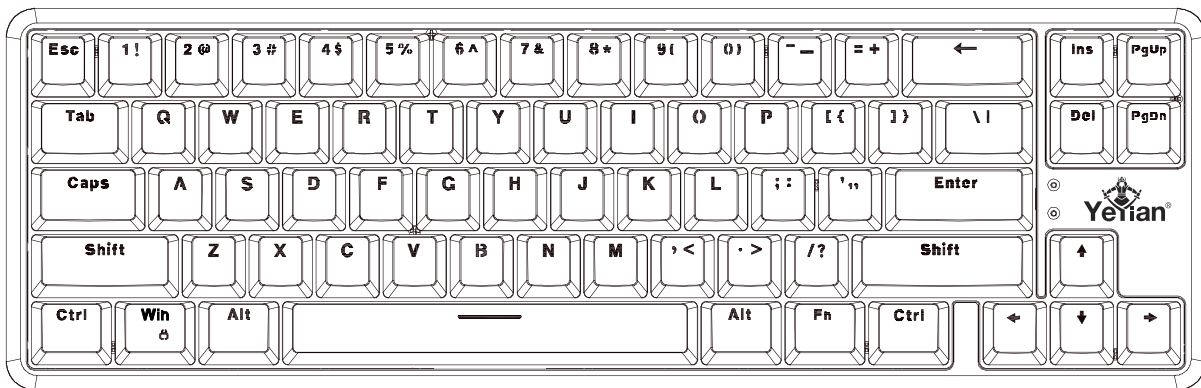

Displays 6 colors of the spectrum plus white color capable of producing 16.7 million color combinations through precision-engineered ABS double-shot injection keycaps offering crystal clear uniform backlighting. Programmable 18-light modes offer fully customizable brightness level and breathing speed

: IP42 dust and water-resistant splash-proof feature within military-grade steel alloy and ABS construction speaks for extended durability. Plate-mounted mechanical keys and switches will stand through toughest gaming conditions. Nylon braided jacket forms sturdy and durable USB cable connection. Corrosion-resistant bare copper conductors, gold-plated connector and nylon braid shielding keep the maximum conductivity and blistering-fast response

Responsive clicky keystroke and tactile bump backed by good amount of resistance will add precision in your game playthrough along with a sense of synched-reflex for any games. For typing, refreshing enjoyability can be expected, a lot like a traditional typewriter

Number of Buttons	68 Key Standard QWERTY (ANSI)
Features	Full K-Key Rollover
Polling Rate	1000 Hz
Backlight	16.8 Million Colors RGB LED
Cable	Removable Braided Typw C Cable
Cable Length	1.8M
Keycap	ABS Double-Shot Injection Keycap
USB Support	USB 2.0
Battery Capacity	2000mA
Usage Time	8 Hours - 12 Hours (Backlight Mode On)
Standby Mode	8 Days
Charging Time	4 Days
Dimensions	302mm x 142.5mm x 34.8mm ±0.3mm
Weight	810g ± 10g
Compatible OS	Win 7 / 8 / 9 / 10 / S0 Mac
EAN	7503028761609
