ODRAZ 27" FHD FLAT GAMING MONITOR

Experience the best image quality you've seen in a flat monitor, with our Simulated HDR technology, as well as AMD FreeSync and NVIDIA G-Sync support, and a sleek frameless design that will have your eyes clamoring for more.

Detect impressively subtle & robust color variations with 300 cd/m² brightness for reproduction of the most impressive color spectrum. Easily achieve the fastest response time possible of 1ms with this monitor and the power of your rig.

Low Blue Light mode combined with YEIAN's FlickerLess technology with vibrant and accurate colors at every angle prevents eye strain issues from a prolonged screen use.

The Odrasz 27" FHD Flat Gaming Monitor is equipped with a 165hz refresh rate and 1ms response time VA panel which benefits the most in fast-paced game genres such as FPS, RTS, and MOBAs.

One Display Port (1.2) port for maximum 165Hz refresh rate, or for those who prefer HDMI we also included two HDMI (2.0) ports. The Odrasz includes two 3W speakers for a full-on entertainment experience straight out of the box.

This monitor has a viewing angle of 178°-178° and a 5°/-15° tilt ready for you to prop it up in the most comfortable position, along with standard VESA 100x100 mm mount compatibility.
